

LocalStorage & SessionStorage in JavaScript

Feature	LocalStorage	SessionStorage
Storage Size	~5–10 MB	~5 MB
Lifespan	Stays even after closing browser (persistent)	Deleted when browser/tab is closed
Scope	Shared across all tabs/windows of the same domain	Only available in that one tab
Data type	Stores only strings (use JSON.stringify/parse for objects/arrays)	Same
Access	window.localStorage	window.sessionStorage
